Data Sheet 10003

Firesure fire rated cloth barrier range

Description

The **Firesure®** Range of Curtain Style Cloth Fire Barrier are available fire rated to 30minute, 60 minute or 90 minute (integrity only) The range is manufactured from a high-performance, PU-coated two sides glass cloth made up from a woven glass fibre core coated with aluminium pigmented PU on both sides. It offers Fire Integrity protection only having a zero insulation value. **Firesure®** Range of Curtain Style Cloth Fire Barrier can be used in partition walls, Loft rooms, as a fire stop barrier, and cavity barriers also other site specific uses for stopping fire spreading. **Firesure®** Range of Curtain Style Cloth Fire Barrier is designed to be easily fitted at the time of new build or can be retrofitted just as easily.
